Description

Perfect Uplighter Flytrap Machine for Farm Houses, Open dining Restaurants, Hotel Swimming Pools or Open Terrace Bars & Office corrie doors, For All Common Flies | UV Tubes with Glue Pad Based Model

The Flying Insect Catcher uses the specific wavelength of UV light to attract insects. The insects are drawn towards the glue board, and can't escape the strength of the glue. Glue board lasts for about four-six weeks, based on the situation and is simply removed without the need for complicated tools. It is highly efficient and completely harmless to humans and pets. It is ideal for indoor use, such as houses, Hotel Receptions, Restaurants, Cake shops, Luxury Lounges, Spas, Jewellery stores, Premium Interiors, Building Receptions, etc.

- The product in display is Compact 15-watt insect catcher machine, which is ideal to trap flying insects from your house, bakery, kitchens, Restaurant Counters, showroom, offices pantries, etc.
- It is safe and hygienic in use. Traps flies and insects inside are easy to clean.
- No foul smell or harmful fumes are given out by the product.
- No zapping sound, Works silently and traps fly without any annoying noise. Best for High-End Kitchens, Restaurants, Eateries, and Bakeries & Warehouses.
- Highly effective against all Flying insects & all Common Flies
